

Dr Roger El Khoury

Patient Guarantee

Your surgeon is covered by ISAPS Insurance.

This is additional insurance that covers remedial treatment that may be necessary following your surgery. It covers the most common conditions that require revision surgery. In the unlikely event that your surgeon (or an approved surgeon in your country of residence if you travelled abroad for your surgery) diagnoses you with one of these conditions, then the surgeon's insurance will cover the costs and charges (up to a limit agreed with our insurers) for the corrective or remedial treatment by your surgeon or an approved ISAPS surgeon in your country of residence.

This guarantee is valid for one year from the date of your surgery.

Your surgeon has only been accepted for this insurance because they are a member of ISAPS. ISAPS have strict requirements for membership to ensure their surgeons have the highest standards of training and experience.

Visit www.surgeryshield.com/directory to see your surgeon's entry in the Sure Insurance directory.

If you have further questions about this insurance, please contact the Sure Insurance patient helpline on [+44 \(0\)207 374 4022](tel:+442073744022) or [0845 299 6629](tel:08452996629) from the UK.
